Invitation to Times Semi-Final Minho

14 February 2024

Dear Sir,

We would hereby like to inform you that the Times Semi-Final Minho, will take place between the 4th and the 8th of March 2024.

The event is organized by NEEGIUM | LG Minho, which is connected to the University of Minho, and is part of the student organization European Students of Industrial Engineering and Management (ESTIEM). Our aim is to foster relations between students of Industrial Engineering and Management across Europe and support them in their personal and professional development. For more information about who we are and what we do, please visit www.estiem.org.

The Times Semi-Final (Tournament In Management and Engineering Skills) is a renowned IEM (Industrial Engineering and Management) case study competition in Europe. It offers a comprehensive case training program that equips participants with invaluable problem-solving skills, business acumen, and presentation expertise. TIMES empowers participants to excel in case competitions and real-world business scenarios.

TIMES Semifinal is a pivotal stage of the competition, where top-performing teams compete to secure their spot in the grand finals. This event presents participants with challenging case studies, rigorous evaluations, and opportunities to network with industry professionals. It's an exhilarating experience that tests their problem-solving abilities, teamwork, and strategic thinking.

Eya Asmi is invited to our event as a member of Local Group Grenoble, which is connected to the Institut National Polytechnique de Grenoble.

If any further information is required, please do not hesitate to contact me.
