

## ABSENCE EXCUSE LETTER

Dear Sir or Madam,

The Board of European Students of Technology is a European organization with the goal of helping European students of technology to become more internationally minded, by reaching a better understanding of European cultures and developing capacities to work on an international basis. To reach this goal all 92 local BEST groups, each connected to a European university, organize both internal and external events for students all over Europe.

BEST Prague is one of the local groups of BEST operating in Prague, Czech Republic and it is connected to Prague University. It belongs to the Region E of BEST - one of ten administrative units of BEST consisting of nine local BEST groups from five European countries, namely France, Czech Republic, Poland, Ukraine and Hungary.

In March 2023, BEST Prague organizes the Regional Meeting of Region E, which is an internal BEST event taking place biannually, in which selected BEST members are chosen to partake.

Regional Meetings aim to provide the participant with topical working sessions, increase their knowledge on the international structure and activities of BEST, strengthen the bonds between local groups within one region as well as prepare the organization for future internal and external events. They thus allow for a constant development of BEST members, therefore assuring the continuity of the service that BEST provides.
