Credit system:

Degree courses are structured in credits (Crediti Formativi Universitari - CFU). University credits are based on the workload students need in order to achieve the expected learning outcomes. Each credit corresponds to 25 hours of student workload, including independent study. The average workload of a full time student is conventionally fixed at 60 credits per year. Thus, the CFU fully coincide with ECTS credits.

Grading system:

Individual subjects are graded on a scale from 1 to 30, with 18 and 30 as minimum and maximum grade respectively. A 'cum laude' can be added to the maximum grade as a special distinction. Pass-fail courses do not provide a grade, but only a "pass" mark.

Grades equivalences are available here: <https://www.polito.it/en/education/applying-studying-graduating/study-abroad/the-ects-system>.
